Our hope of hosting a 25th Year Reunion for Riffel High School has drawn to a close. Due to the very low number of registrations our committee felt we could no longer continue planning any of our events. We are sorry for any inconvenience for those few that did plan to attend and welcome you to drop around and say hi if you are in the neighborhood. Please contact the school and make arrangements for refund of registration fees as soon as possible.

Thank you to our Planning Committee and those of you who did take the time to register.
