

## Cree Language

St. Michael Community School is proud to offer Cree program to all students in grades 5-8. Cree is offered through an integrated curriculum approach.

The three goals to an effective Cree language program are:

**1. Attitudinal**

The Cree program will enable students to develop a positive attitude towards the First Nation peoples throughout the world, and more particularly, throughout Canada.

**2. Linguistically**

The Cree program will enable students to increase, within realistic limits, their ability to communicate effectively in Cree. It will also enable students to gain a better understanding of language and language learning in general.

**3. Culturally**

The Cree program will enable students to develop an understanding and an appreciation of the First Nation culture within the multicultural context of Canada.
