The Board will give consideration to naming representatives to various external committees, agencies and organizations. Such representation is established at the discretion of the Board to facilitate the exchange of information on matters of mutual concern and/or to discuss possible agreements between the Division and other organizations. The Board shall consider the merits of membership in other organizations annually.

The following guidelines shall apply to such representation:

1. Where appropriate, the Trustee shall reflect the current formal position of the Board;
2. On other issues of significant importance, the Trustee shall consult with the Board to determine the formal view of the Board;
3. The Trustee may give a personal opinion as long as the Trustee makes it clear that the opinion does not represent the formal view of the Board;
4. The Board expects that important issues shall be brought to its attention. Therefore, if an issue has policy implications it shall be verbally reported at meetings of the Board and may be supplemented by a written report, along with all other reports that may be written and included with the meeting agenda;
5. All expenses of this activity shall be covered in accordance with compensation guidelines approved annually at the Organizational Meeting of the Board.

The Director may assign staff to support work of the representative and shall determine the roles, responsibilities and reporting requirements of the assigned staff.
