Preamble

The Regina Catholic School Division (RCSD) believes that personal, confidential, and private individual information should be protected from public access. The Ministry of Education provides *The Student Cumulative Record Guidelines (2015)*, which is updated as required. These guidelines establish suggested procedures for the creation, maintenance, storage, and transfer of Cumulative Records.

The Cumulative Record is the official working record for students currently enrolled in the school division and for students who have graduated from the school division. Principals are responsible for the overall management of Cumulative Student Records, including the delegation of site-based responsibilities regarding the general maintenance of Cumulative Student Records.

Definitions

1. **Cumulative Record**

This refers to the official, confidential school record kept for each student in the student's school. It is often referred to as the 'Cumulative File.' "It contains factual, objective and professional information regarding a student's academic progress, mid-term and final marks, adaptations and attendance. The information is valuable for professionals in planning and delivering appropriate education programs and supports for the student from year to year, and for enabling teachers to better understand the student's strengths. The Cumulative Record is also valuable for assisting in the successful transition of students to another school." *The Student Cumulative Record Guidelines (2015)*.

2. **The Local Authority Freedom of Information and Protection of Privacy Act (LAFIOP)**

This is legislation respecting the right of access to documents of local authorities and a right of privacy with respect to personal information held by local authorities. It applies to all records collected, compiled, used and released by school divisions, including all public documents.

3. **Youth Criminal Justice Act**

This Act includes specific requirements pertaining to the collection, publication, access and destruction of information pertaining to young offenders.

Two (2) documents provide guidance for the disposal of Cumulative Files:

1. *Records Retention and Disposal Guide for Saskatchewan School Divisions*
2. *The Student Cumulative Record Guidelines*, March 2015

Before disposing of records existing prior to the implementation of LAFOIP in 1995, school divisions should take reasonable steps to inform the public that the records will no longer be available (e.g., placing the information in newsletters, on websites, or in newspapers).

LEGISLATION PERTAINING TO THE DISPOSAL OF CUMULATIVE FILES

The Education Act, 1995: The Ministry of Education (the Minister) has authority under section 369 of *The Education Act, 1995* to approve of the disposal of all public documents that a board of education of a school division (a board) has by resolution authorized for disposal. Section 369 authorizes boards to deposit any of their public documents with the *Saskatchewan Archives Board* (the SAB). The SAB has shown interest in retaining certain board documents.

The Minister has ordered that boards not dispose of public documents before the end of the retention periods listed in the *Records Retention and Disposal Schedule, December 2012*. The Minister recommends that boards of education:

1. prepare and send to the SAB by post or in electronic format detailed descriptive lists of their public documents referred to in board resolutions that authorize their disposal. This inventory list must include titles of records, dates, brief contents description, volume of records, location of records and any other information that may be helpful in identifying records. The scheduled disposal information should be included on the inventory list. The board resolution must be recorded in the minutes of the board meeting.
2. Sixty (60) days after sending lists to the SAB as referred to in (1), dispose of public documents either:
 - a. if requested by the SAB, by sending the originals to the SAB; or
 - b. if not requested by the SAB, in any manner that is consistent with the board's record disposal best practices and taking into consideration any general advice from the SAB; and
3. comply with all laws when releasing or otherwise disposing of public documents, including the provisions of *The Local Authority Freedom of Information and Protection of Privacy Act* that may pertain to any personal or other confidential information contained in public documents.

In addition, records should be destroyed in the presence of a witness. A destruction notification form/letter should be completed and filed. The notification should include the list of documents being destroyed, date, location of the disposal, and the signature of two (2) authorized persons witnessing the destruction. All sensitive information must be destroyed by confidential shredding services.
