		Status:	Policy 12 – Role of the Director
		Status:	Operational

Preamble

Students in Grade 8 in the Regina Catholic School Division (RCSD) who have significant cognitive challenges may qualify for Alternative Education in high school. The decision to place a student in Alternative Education courses require a psycho-educational assessment, observation, and collaborative team meetings along with careful consideration of the formal benefits and implications of such a placement.

Definitions

The Alternative Education Courses are separate from the Regular Education Courses. The courses are designed for students whose needs cannot be met through the Regular Program and are best served by a qualitatively different program.

Completion of an Alternative Education Grade 12 does not currently meet the admission requirements for most post-secondary programs.
