

Home Logic NON RCSD Student Access

We are pleased to announce that we will again be utilizing an excellent communication tool for students – Homelogic. This web-based program will provide 24/7 access to your timetable, attendance profile, fees, graduation requirements, grade history, current/past assignments and exams (with due date information) and best of all, a student’s up-to-date Gradebook information (assignment marks, exam marks, and his/her current average in the class).

Step 1: Enter your Login Username and Password. This will be the same as your username and password for Moodle.

Step 2: Once you have logged in, you will be taken to your HomeLogic navigation page. Here you will find all you need to know about your class. The arrow on the left shows you where you can access the following: schedule, attendance, grades, and transcripts. To know your mark in your Learning Online class, click on the Grades button.

Step 3: When you click on Grades, you will see the following. All of your courses with Learning Online will be listed on the left as links (see the arrow on the left). Click on the appropriate class and you will see your marks (see the arrow on the right).

The screenshot shows the HomeLogic interface. On the left, a sidebar contains a menu with 'Grades' highlighted. An orange arrow points to this menu. The main area displays the 'Week of September 1 - 7, 2013' for 'Michael A. Riffel Catholic High School'. Under the heading 'Assignments due this week', there are two entries: 'Choral 10 - 1 Choral Course Outline*' with a due date of 'Sep 5, 2013' and '1 Attachment' by 'Mr. Hicks', and 'Communication Media 10 - 1 Course Outline' with a due date of 'Sep 6, 2013' and '1 Attachment' by 'Mrs. Synk'. Below the assignments, a section titled 'Attendance records for this week' contains the text 'There are no attendance records for this week.'
