“Live, Learn, Laugh...Pray”

January 6, 2021

Calling all Guardians!

We are in search of all the little child treasures turning 5 years old in 2021. This may be a junior member of your family, the family next door, or that of a friend you know in the area. Kindergarten registration for the fall of 2021 is now open at St. Gabriel School. Catholic, or Christian families interested in a Catholic Education are encouraged to register their children for the fall of 2021.

Kindergarten registrations will be accepted by phone or e-mail. Call the school at (306) 791-1717 to indicate your registration intentions for the fall of 2021. You can speed up your request by completing the [On-line Registration](#). We will confirm all messages and registrations when received. For those registered for the fall kindergarten classes we will communicate placements and orientation information March 1.

Watch our school grow. New families are also welcome.

We know it is early, yet our enrollment projections for the fall are expected. Our intention is to ensure that we have as much information as possible to plan for our facility and staffing needs for the fall of 2021. With the continued growth in the "Greens" and transitioning households, families are joining our school every month. Talk with your new neighbours, let them know about the excellent education at St. Gabriel, and encourage them to contact us as soon as possible. With an end to COVID-19 in sight, and exciting ideas ready to be implemented, we are confident that the educational experience at St. Gabriel will be second to none!

Live is Good!

Keep the Faith!
